DETAILED ACTION

(1). Applicant's Request-for-Continued Examination (RCEX) and amendments, Remarks filed on September 5, 2006 have been received.

Claims 1, 5-6 are amended. Claim 8 is newly added. Claim 7 is cancelled. The total cancelled claims are 2-3 and 7.

Claim Rejections - 35 USC § 112

The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

(2). **Claims 1,4-6 and 8** are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention.

Applicant amends the claim 1 by limiting the species to two rubbers and range of each rubber (natural rubber, polybutadiene rubber). However, it is only used in Examples, not literally supported in the applicant's specification. Moreover, the range of natural rubber renders a new matter. Therefore claim 1 is rejected.

Claims 4-6 and 8 are rejected because they depend on claim 1.

Response to Arguments

Applicant's arguments, see page 6, 2nd paragraph, filed on September 5, 2006, with respect to claim 1 have been fully considered and are persuasive. The rejection of May 3, 2006 has been withdrawn.
